Modifying a Course Fee

This form has been created to help faculty provide the department initiator all the information needed to complete the new online form for modifying a special course fee. The information is presented in the order it appears on the form. (The areas to be completed can be expanded or deleted as needed.)

Course Subject: _______________  Catalog Number: ____________

NOTE: Revisions to existing course fees will not be considered for the next four semesters after the semester for which the fee was originally approved. However, if LESS funding than anticipated is needed after the first offering, an exception would be made, and a revision to that fee would be considered to avoid overcharging students and accumulating an inappropriate overage in the account.

Current Designated Fees Account Number ____________________ (Your business manager should be able to provide this number to you.)

Proposed Fee Amount _______ (Must be whole dollars and $10 minimum)

First Effective Term _______ Please note deadlines on the Special Class Fees web site linked below. 
http://www.academicaffairs.arizona.edu/special-class-fees-other-fees#special_class_fees

The fee request deadline is generally mid-November for the following Fall, Winter & Summer AND all fees greater than $100 as these need approval from ABOR. For fee requests $100 or less, and a Spring first effective term, the deadline is generally mid-April.

Purpose of the Fee:
The new “Purpose of Fee” field will be published for public viewing on the Office of the Registrar’s Special Course Fees Pages at http://registrar.arizona.edu/special-course-fees/. Please note the options shown below with definitions and examples. When selecting the purpose, consider the itemized cost for each category and the overall purpose for the course.
