Priority Registration has now begun for Fall 2017 as of March 20th, 2017 and will continue through April 23rd, 2017.

This [link](#) will take you to the Office of the Registrar's website for Fall 2017 Priority Registration.

New RCS Online Section Forms

The RCS Online Section Forms have been updated to include more information for processing your requests. The two new fields that are on the forms are Campus and Location.

Moving forward we ask that you select the correct campus and location for your sections forms.

Add Forms: The Campus will default to Main campus with the Location of Tucson. Please modify this information when submitting requests for sections on other campuses or locations.

Change Forms: The Campus and Location will update to what is listed in UAccess once you have clicked the "Get PeopleSoft Section Information" button.

Cancel Forms: Campus and Location fields have not been added to Cancel Forms.

Room Configurations

Please remind instructors and department sponsored clubs to return the room to its original configuration if they move any of the furniture. Thank you for your aid in keeping our rooms clean and usable for everyone on campus.

UA Vitae and Workload

As we near the end of Spring 2017, RCS would like to remind you to double check your instructor workload and assignments. The information needs to be correct by Reading Day (May 4th, 2017) to be correct in UA Vitae. At this time, the data collected on Reading Day is not changed after it is collected.

Campus Section Numbers

With the multiple campuses now available in UAccess Student, RCS would like to remind everyone that when students search for classes in their Student Center, they will see only courses that are in the same campus in which they reside.

The public Schedule of Classes will display all active sections. Students are able to see any active section, though the public Class Search does prompt them to select a campus before searching for courses.

Main Campus:

In Person and Hybrid sections: These sections will use the normal section range of 001-099. (031-039 is reserved in Summer for Pre-Session sections.)

Fully Online: Also known as iCourse sections, these sections will use the section range 101-199. (131-139 is reserved in Summer for Pre-Session sections.)

Study Abroad: Study Abroad sections are designated with the section number range of 801-809.

Credit by Exam: Credit by Exam sections are designated as either having the section number 751 or 752.

New Start: New Start sections occur only in summer and have the section range of 061-069.

UA Online Campus:

UA Online campus sections are in the range of 201-299. (231-239 are reserved for Pre-Session sections in summer semesters.)

Distance and Community Campus:

Distance and Community Campus sections use regular section numbers 001-099 regardless of the instructional mode of the section.
