THE ROAD BACK

A GUIDE FOR IN-PERSON AND ONLINE COURSES IN FALL 2020

We're so glad to welcome you for a new school year. As you probably know, your classes this fall will look a little different than usual.

The University of Arizona will offer four types of classes, ranging from fully in-person to fully online. You will be able to identify which format your courses will feature by reviewing your schedule in UAccess Student. All courses will provide options for students who are unable to come to campus due to illness or other temporary circumstances, as well as for graduate students who may need to remain remote for the duration of the semester.

Undergraduate students planning to remain remote for the duration of the semester should enroll in Live Online or iCourses where possible.

THE FOUR COURSE FORMATS

IN-PERSON

Students and instructors all attend class in person with enhanced health protections, including wearing face coverings and decreasing classroom density.

FLEX IN-PERSON

Students participate in a mix of in-person and online modes. For example, you may be in a rotating group that alternates between in-person and online meetings following the weekly class schedule. Or you may participate in lectures online and labs in person. The exact mix of in-person and online will be determined by your instructor.

LIVE ONLINE

The instructor and students are online simultaneously, and your instructor provides content in a live online platform.

iCOURSE

For the majority of coursework, students and instructors are not required to be online simultaneously, and students complete their work through D2L.

BEAR DOWN!

[Spanish-language version](#)

In Person – Students and instructors attend class in person with enhanced health protections, including wearing face coverings and decreasing classroom density.

Flex in-Person - Students participate in a mix of in-person and online modes. For example, you may be in a rotating group that alternates between in-person and online meetings following the weekly class schedule. Or you may participate in lectures online and labs in person. The exact mix of in-person and online will be determined by your instructor.

Live Online - The instructor and students are online simultaneously, and your instructor provides content in a live online platform.

iCourse - For the majority of coursework, students and instructors are not required to be online simultaneously, and students complete their work through D2L.

Step 2

Fall 2020 Class Formats

The screenshot shows the UAccess Student Center interface. At the top, there is a red navigation bar with 'THE UNIVERSITY OF ARIZONA' on the left and 'Submit Feedback' on the right. Below this, the 'UAccess STUDENT CENTER' logo is on the left, and a 'SIGN OUT' button is on the right. A main navigation bar contains several categories: PERSONAL, ENROLLMENT, ADVISING, ACADEMIC RECORD, FINANCIAL AID, and BURSAR ACCOUNT. The 'ENROLLMENT' menu is open, showing options like 'Add/Drop/Swap Classes', 'Edit Enrollment Options', 'Schedule', 'Class Search', 'Course Catalog', 'Booklist', and 'Grade Replacement Opportunity'. A red arrow points to the 'Schedule' option. To the right, a white box displays 'Enrollment Dates' for 'Fall 2020' and 'Summer 2020', both with 'Enroll Now' links. The background features a photograph of a brick building and red flowers.

If you are already enrolled in classes:

Navigate to the **Enrollment** menu and click on **Schedule**

Select the **Fall 2020 Term**

The screenshot shows a web application interface for a class schedule. At the top, there is a navigation bar with a home icon and the text "Home / Class Schedule". Below this is a dark blue header with the title "Class Schedule" and the subtitle "View your classes and class details". Under the header, there are two tabs: "List View" (which is selected and underlined) and "Weekly View". To the right of these tabs is a "CHANGE TERM" button. Below the tabs, the text "Fall 2020 | Undergraduate" is displayed. Underneath this is a section titled "Class Schedule Filter Options" with three buttons: "Show Enrolled Classes" (which is highlighted in dark blue), "Show Dropped Classes", and "Show Waitlisted Classes". The main content area displays a class entry for "ASTR 203 - Stars" with a green "Enrolled" tag. Below the class name, it shows "3.00 Units - Academic Deadlines". A table-like structure follows with columns for "Class Nbr", "Section", and "Component". The "Class Nbr" is 61230, the "Section" is 001, and the "Component" is Lecture. Below the table, there are two rows of meeting information, each with a calendar icon, dates, a clock icon, time, a location pin icon, location, and a person icon, name. The first row shows dates 08/24/2020 - 11/25/2020, time TuTh 2:00PM - 3:15PM, location J P Schaefer CCP, Rm 108, and instructor David Sand. The second row shows dates 11/26/2020 - 12/09/2020, time TuTh 2:00PM - 3:15PM, location Live Online, and instructor David Sand. At the bottom of the class entry is a "VIEW MORE DETAILS" button.

Choose **List View** or **Weekly View**

The List View will show your classes along with their meeting dates and locations.

Click **View More Details** to view detailed information about the course – including the course format and important class notes.

Class Notes

Important - In-Person meetings begin week of August 24th

3 This class will begin with In-Person instruction the week of August 24th. Please review the class meeting pattern details and class format descriptions below.

Important Information Fall 2020 - Flex In Person

4 This class will be structured to allow students to participate via a mix of in-person and online modes. The exact mix of in-person and online components will be determined by the instructor. Students should check the D2L course site for guidance from the instructor prior to attending the class in-person.

Students should be available during all scheduled class meetings and follow all health and safety guidelines. Some components of this class will be offered in a classroom setting, modified for physical distancing and enhanced disinfectant routines. Students will be required to wear face coverings at all times when in the classroom.

Students who are unable to come to class due to illness or a need to self-isolate for a period during the semester will be able to stay current with class work via remote or online methods.

ASTR 203 - 001 Stars

University of Arizona - Main

Tucson

8/24/2020 - 12/9/2020

This course, intended for non-science majors, provides an in-depth and comprehensive study of the stars. Topics to be covered may include: the naming of stars and constellations, the classification and properties of stars, star formation and evolution, nuclear fusion, black holes, Einstein's theories of relativity, and the demographics of the stars in our Galaxy. The basic principles of physics which are needed to understand the stars (e.g. gravity, light, structure of the atom) will also be reviewed.

Meeting Information includes the dates, times, and locations

For most classes after Thanksgiving the in-person meeting will transition to online.

Step 6

Class Details: Flex In-Person Class

MATH 112 - 004 College Algebra Concepts and Applications

University of Arizona - Main

Tucson

8/24/2020 - 12/9/2020

Topics include properties of functions and graphs, linear and quadratic equations, polynomial functions, exponential and logarithmic functions with applications. A graphing calculator is required for this course. We recommend the TI-83 or TI-84 models. Calculators that perform symbolic manipulations, such as the TI-89, NSpire CAS, or HP50g, cannot be used. Except as per University policy on repeating a course, credit will not be given for this course if the student has credit in a higher level math course. Such students may be dropped from the course. Examinations are proctored.
