ENGR 102 - 008 Introduction to Engineering

Engineering design, effective team participation and career preparation. Students are expected to participate in hands-on design projects, develop education/career plans and initiate development of the personal and management skills necessary for life long learning.

Status
Closed

Session
Regular Academic Session

Instruction Mode
Hybrid (Flex In-Person)

Career
Undergraduate

Class Notes
***Important - In-Person meetings begin week of August 24th***
This class will begin with In-Person instruction the week of August 24th. Please review the class meeting pattern details and class format descriptions below.

***Important Information Fall 2020 - Flex InPerson***
This class will be structured to allow students to participate via a mix of in-person and online modes. The exact mix of in-person and online components will be determined by the instructor. Students should check the D2L course site for guidance from the instructor prior to attending the class in-person.

Students should be available during all scheduled class meetings and follow all health and safety guidelines. Some components of this class will be offered in a classroom setting, modified for physical distancing and enhanced disinfectant routines. Students will be required to wear face coverings at all times when in the classroom.

Students who are unable to come to class due to illness or a need to self-isolate for a period during the semester will be able to stay current with class work via remote or online methods.
